

The House of Comandon is particularly focused on producing crafted cognac where the attention is less emphasized on continuously trying to produce the same cognac day after day, and more on creating ultimate spirits surprisingly different every batch but yet with a steady outstanding quality.

Crafted cognacs have so many facets yet to be discovered that we strive to bring the best to our customers. Comandon Cognac has launched a truly outstanding new category of cognac made from the finest casks and selected from the most exclusive regions of Cognac.

As a result, our VS, VSOP and XO classic line is made in small-batch edition where consumers get to experience and discover a diverse selection away from the standards.
